**BELL PLANTATION HOLDINGS, INC.**

## PRESS RELEASE

### BUSINESS LEADER AND SYNDICATED TALK SHOW HOST HERMAN CAIN APPOINTED CHAIRMAN OF THE BELL PLANTATION HOLDINGS, INC. ADVISORY BOARD

**Tifton, GA, December 6, 2008** – Columnist, syndicated talk show host, renowned business expert, and Fox News Business commentator Herman Cain will join **Bell Plantation Holdings, Inc.** as chairman of the company's advisory board. The advisory board will serve as a major guiding force for the rapidly growing company and is comprised of accomplished business, financial, and economic leaders.

A recipient of the Horatio Alger Award, Mr. Cain is President and CEO of **THE New Voice, Inc.**, the Economic Freedom Coalition, and host of the **"Herman Cain Show"** out of Atlanta's WSB 750am. He also currently serves on the Boards of Directors for the **AGCO Corporation**, **Hallmark Cards Incorporated**, and **Whirlpool Corporation**.

In 1986, Mr. Cain was appointed president of the then financially troubled Godfather's Pizza, Inc. chain. In a mere 14 months, he steered the company towards regained profitability before leading his own executive team to a buyout of the company from Pillsbury in 1988.

He is also the former Chairman and member of the Board of Directors for the Federal Reserve Bank of Kansas City, Missouri serving from 1992 to 1996. He has authored four highly popular and informative books on topics ranging from leadership to politics. Mr. Cain is also a highly sought-out professional speaker and has spoken on a range of topics such as replacing the federal income tax code with a national retail sales tax, restructuring the Social Security system, reducing the influence of government and the courts in the health care system, and inspiring people to believe that they can change the status quo in Washington.

Bell Plantation Holdings, Inc. is the parent company of two subsidiaries: **Bell Plantation, Inc.** and **Bell Bio-Energy, Inc.**, which are both headquartered in Tifton, Georgia.

Bell Plantation, Inc. is the manufacturer and marketer of several novel peanut-based food products which include a low-fat, low-calorie powdered peanut butter called PB2, Chocolate PB2, and an extra virgin Roasted Peanut Oil. The company has seen immense success with its products, especially PB2 which has become a favorite with health-conscious groups like **Weight Watchers, Inc.**, **Hungry-Girl.com**, and many others.

Bell Bio-Energy, Inc. is the latest addition to Bell Plantation Holdings, Inc. and a pioneer in the very active scientific field of alternative energy. The company is currently underway with the construction of seven demonstration plants in partnership with the **Department of Defense**, the **Defense Logistics Agency**, and the **U.S. Army**. The initial demonstration plant will be located at Fort Stewart, Georgia and will begin rigorous research and development to perfect a revolutionary process for converting biomass waste, through the use of microbial organisms, into hydrocarbon fuels that will then be tested, certified, and used by the military.
